

Discover the historic challenge in
Minamata • Ashikita Area
and the gorgeous nature

The Mountain Bell

No change in the color of the sky, it's the same old blue.

The sea stretches as blue as we have always known it.

The mountain forests seem as green as ever.

Life shines bright, its radiance unchanged.

Let us keep protecting

These immutable treasures

And the radiant beauty of life

Now and in the years to come.

May 1, 1996 Minamata Highschool Yukiko Nagasako

Livia Monnet : translator of Kugai jodo
and Tsubaki no umi no ki by Michiko Ishimure

Discover the lessons learned from Minamata Disease
for a brighter future!

Minamata Senior High School

Designated as a Super Global High School in 2016 by
the Ministry of Education, Culture, Sports, Science and
Technology (MEXT)
